2
What have I done? I let everyone down, and even ruined yesterday's special day! Maybe Trixie is right, maybe I shouldn't throw any parties when rule-breakers like me break their code. I'm the worst cowgirl ever, and cowgirls like me should be grounded until I decide to stop breaking codes.
3
GO AWAY!!
KNOCK KNOCK
But, sis, I need to talk to you!
4
I SAID GO AWAY!! TRIXIE TOLD US TO NOT HANG OUT WITH EACH OTHER, OKAY?! JUST LEAVE ME ALONE PLEASE!!
Okay.

1
What are we thinking? Getting invited by a friend can lead to being caught red-handed?
How dare she do that! Besides, one has never done anything wrong when you guys are around.
Well, we need to find a better way to make things right with Applejack!
2
Trying to escape from your clubhouse, huh?
Trixie? What the heck arre you doing here?!
And how did you come in?
3
Well, you always said no coming to the clubhouse until I said the secret password, so I said the secret password! But anyways, you girls are still grounded forever. And guess what? You girls are going to Rio de Janeiro!
What?! I don't want to get sent to Rio! Please, Trixie, we're so sorry for breaking your—
4
SILENCE! This is your consequence, and that's the end of it! Now I will do it right now!
I don't know about this, girls. Perhaps being magically sent somewhere far away might be a little overwhelming.
5
Across the sea and through the air, take these maidens fast and fair! Swirling winds, begin to blow, and carry them off to Rio!
6
And don't come back to Canterlot City until you understand the consequences! Stop breaking the Trixie Code and just do better!
7
Gosh. I can't stand it when people keep breaking my code! They really need to learn their lesson. I'm so sick and tired of all this nonsense. I wish they'd just stay out of my way for a while. But for now, I gotta go do a magic trick for my pet teacup poodle!
THE TRIXIE!

1
I hate to break it to you all, but this is a pretty unfamiliar place. Maybe we should just figure out how to get back.
But how? We don't have any powers right now.
Maybe Applejack will know what to do. She's strong and brave.
2
Um, Twilight? I think we're being watched.
3
Sabemos quem vocês são! Vocês são visitantes estranhos! O que estão fazendo aqui?
Silêncio! Eu acho que vocês estão escondendo alguma coisa. Talvez seja melhor explicar por que estão aqui.
We don't speak Portuguese, and no, we're not here to cause trouble.
4
Ninjas, ninjas! Those girls aren't dangerous. They're just visitors who ended up here unexpectedly. They're friendly.
Thank you, sir! We're the Rainbooms. We were invited to our friend's party yesterday, but Trixie Lulamoon caught us breaking her rules, and she magically sent us here!
5
That doesn't sound good. Well, it's a good thing we can help you find your way back.
Thank you, but we'd like to try figuring it out ourselves first.
6
Desculpem por desconfiar de vocês. Nós pensamos que vocês eram visitantes perigosos, mas agora entendemos que estão apenas tentando voltar para casa.
Por favor, aceitem nossas desculpas.
We accept your apologies, ninjas.

1
Man, what a perfect day for me to walk across the street. And now I can have peace.
2
But only if those people can stop breaking the Trixie code, I will be friends with them again.
3
Where are my friends, sis?
Applejack, you told us to leave you alone so we'll leave you alone.
4
I know, but I'm calm now, so please tell me where my friends are?
Trixie sent them to Rio de Janeiro and they're full of ninjas.
5
6
Ooh! I can't stand her! She is my worst nightmare! I thought she'd stop breaking my code, but no, she broke it! That's it, I'm giving my friends a call and Trixie will get some karma for what she has done to us!
Then go for it, sis!
We believe in you!
7
8
WHAT KIND OF MAGICIAN BREAK PEOPLE'S CODE?!

1
Please tell me it's not Trixie!
Who's calling?
2
Hi, Applejack, what's up? Is everything okay?
3
No, it's not, Sugarcube! I heard that Trixie sent you to that place. But don't worry, I can get y'all outta there fast!
4
Okay, cya!
Finally, Applejack is a hero. Thank you, sir! We gotta go!
Alright! You girls have a blessed day!
You too, darling!
Bye-bye!
5
Through time and space, where magic flows, return these girls to where home grows, unbind the realm, erase the track, and send them safely, swiftly back!
6
Thanks for saving us, Applejack!
Yeah!
That was awesome!
I mean, one is scared of ninjas in this rainforest. But thank you, I guess.
No problem, partner. Now, if you'll excuse me...
POOF!
7
TRIXIE THEGREAT LULAMOON, I AM COMING FOR YOU!! SO YOU BETTER BE AWARE THAT THIS COWGIRL'S GOT POWERS!

1
What a relief. Now that those people can stop breaking the codes of people's, I can finally relax. And nobody can ever ruin my beach day. Not even—
2
Applejack?! What the heck are you doing here?
Well, Trixie, I have had enough of you breaking my code, especially grounding me and sending my friends to Rio. So here's a surprise that you'll never ever forget! So get ready!
3
NONONONONOO! PLEASE! I AM SO SORRY FOR WHAT I—
4
And that's the Applejack Code for ya: Never ever ground and send people to exile places ever again because it's full of strangers!
PARROT CARNIVAL
5
Young lady, we're going home and you're going to be in so much trouble!
6
Trixie Lulamoon, how dare you ground Applejack by ruining her harvest party and sending her friends to Rio! You know that it's called breaking people's code and you should know better than that! Plus, I don't care if it's your Trixie Code, you still need to stop this nonsense! That's it! You're grounded for 2 weeks! Go to your room right now!
7

Alright, partners! Trixie has learned her lesson, and she's grounded for two weeks.
Well done, Applejack! You've saved the Harvest Party!
And you rescued us from that strange land, too. Thank you!
I'm so glad I could lend you gals a hand. But in the meantime, it's time to close this book with a happy ending!
THE END!
See you next time!
RIO GUIDE

My Little Pony
Equestria Girls
After the harvest party was ruined and Applejack got grounded, Trixie sends her friends to Rio. But with the Element of Honesty, Applejack saves them and scold Trixie for breaking the code.
